

Need to communicate?

Inside Plant

MCN can provide cable system designs for your single floor office space, multi-story building and/or campus environment. We provide excellence in design of all types of cabling projects, including copper and optical fiber systems. Our inside plant services are designed to promote timely, cost effective, and seamless implementations. MCN's designs help ensure that you meet your demands now and in the future, without expending unnecessary resources.

Our suite of Inside Plant Design Services includes the following:

- Pre-Survey
- Structured cabling
- Building Entrances
- EIA/TIA compliance
- BICSI certified
- Voice & Data
- LAN/WAN
- Equipment Design
- Conduit & Cabling
- Co-Locates
- Procurement
- Administration
